

**Country  
Life**

## A relaxed outdoor program with purpose!

Country Life is a laid-back NDIS activity where participants can spend time outside, connect with animals, and enjoy practical tasks at their own pace. There are plenty of opportunities to get hands-on with farm-style activities, including collecting eggs from our chickens, helping to clean and maintain the chook pen, and looking after our vegetable patches through planting, watering and harvesting. Participants can also enjoy gentle animal care with our guinea pigs and goldfish. We are exploring options to expand our animals over time, based on participant interest and what is safe and suitable.

### Where

are-able Social Enterprises  
43 Atkinsons Lane, Dennington

### Who

NDIS participants who enjoy the outdoors, animals and practical activities in a supportive environment.

### NDIS Funding

Funding for this outdoor farm-style activity may be available through your NDIS 'Social and Community Participation' funding. So, let's get outside, enjoy the fresh air, and build confidence and connections through hands-on activities.
